

Reusable Cloth Mask

Due to the COVID 19 pandemic the federal government is suggesting all essential workers and anyone partaking in activities outside of their residence should wear basic particulate resistant masks. The goal of these masks is to block large particulate and encourage lack of physical contact to the mouth and nose. This product IS NOT N95 rated and IS NOT to be used for medical purposes.

- SFT1™ Reusable Cloth Mask
- Multiple layers cotton (2)
- Color - Black
- Adjustable nose bridge
- Adjustable straps wrap around the head

Washing Instructions:

- Wash with cold water. Soap or detergent can be used as needed.
- Hand washing is suggested to protect the nose bridge from possible damage
- Let the product air dry
